Access: (machine translated) From Castejon de Sos in the Valle d'Esera, take the A-139 to Eriste (bridge over the river of the same name). 230 m further on, we turn left onto Calle Alta in the direction of Refugio de Angel Orús. The road climbs in many hairpin bends, the tarred road becomes a dirt track. About 3.1 km after turning off the A139, a dirt road leads off to the left to the Puente de Tamarrius. Automatisch importiert von Descente-Canyon.com für Canyon Eriste (inférieur) Journée hold UP comme dirait Romain. Eriste inf enchaîné avec Aigueta de Vall en GD+ et juste avant les premières gouttes de la tempête annoncée. Attention pour Aigueta de Vall, équipement plus que minimaliste surtout pour ce débit.
