Summary: (machine translated) Geologically impressive short canyon with two attractive slides and the possibility of a high jump.		
Hydrology:		
Access: (machine translated) From Castellane on the Verdon about 10 km on the N 85 in a southeasterly direction to Batie (de Peyroules). Or here from Grasse on the N 85 in 45 km. Here you turn off the N 85 in southwestern direction and come on a dirt road after about 1 km to a prohibition sign. Park here. Since 2006, access is only possible to this designated parking area.		
Approach: (machine translated) From the parking lot, do not continue on the slope, but on a signposted path to the entry (2017), where from the right the rocky slope reaches completely to the stream.		
Tour: (machine translated) The stream has eaten into sloping rock slabs, so that there is an almost cave-like atmosphere, where you can sometimes only walk bent over. 2 fun slides and possible jumps (among others after the pool of the 2nd slide on a fixed rope back up to the rock bar; the 12 m jump is already outside the constriction) make the mini-canyon attractive.		
Return: (machine translated) After the canyon opens, get off to the right at a large pool, meet a path here that goes up the rocky slope and leads us to the approach path that we walk back to the car.

Automatisch importiert von Descente-Canyon.com für Canyon Haut Jabron Ras , bien équipé, comme dit tout le monde , c'est magnifique mais très court ! Fun car sauts et tobs possibles. Je mets débit faible ne connaissant pas le canyon , mais disons que c'est un gros filet d'eau. (Quelle: <https://www.descente-canyon.com/canyoning/canyon-debit/2461/observations.html>)

Fantastic, unfortunately somewhat short canyon, with probably the best single sections I have ever seen. Ideal, long slide in the lower section, incredibly beautifully washed out, cave-like parts... You wish you had a canyon like this several hours long! Excellent installation, which also allows for ascents at low water levels. Via ferrata (ortographic left) to be able to repeat the high slide.
