Automatisch importiert von Descente-Canyon.com für Canyon Purcaraccia On s'est garé au parking payant (5€), marche d'approche et retour pas si évidente que ça, heureusement un groupe d'allemands devant nous avaient une trace GPS. Super Canyon très esthétique. Policiers aperçus au bas de la première grande cascade qui devaient vérifier qu'il n'y ai pas de baigneurs. Ils sont partis avant notre arrivée en bas pour leur présenter nos licences dans le bidon XD (Quelle: <https://www.descente-canyon.com/canyoning/canyon-debit/2311/observations.html>)

Automatisch importiert von Descente-Canyon.com für Canyon Purcaraccia RàS. Lieu magique. Partis d'Arggiavara à 8h. Plutôt calme. On a côtoyé un guide très sympa (qui nous glisse le tuyau pour passer une C7 en toboggan).Enfin, il faut peut-être signer la convention avec les propriétaires... on s'est pris une remarque par un accompagnateur pendant l'approche (un pur local qui s'adresse à nous en Corse...). Automatisch importiert von Descente-Canyon.com für Canyon Purcaraccia Toujours aussi splendide. Croisé personne dans le canyon, juste 2/3 baigneurs de temps à autre, impensable pour un après midi. Les gens respecteraient il l'arrêté ou bien les commerçants corse auraient ils dû soucis à se faire ? (Quelle: <https://www.descente-canyon.com/canyoning/canyon-debit/2311/observations.html>)

One of the most beautiful canyons I have had the luck to venture into, the access path is steep but in the whole well-marked up until the point at which it crosses the exit of the canyon. From here, the path becomes somewhat of a choose your own adventure, with many paths leading uphill some steeper and some more meandering, but they all seem to reach the same point, the crossing directly above the 40m rapell at the latter end of the tour. After the crossing, the paths continue to meander up the orographic left side of the canyon until the entry to the
