Hydrology:		
Access: (machine translated) From the N198 that connects Bastia with Bonifacio, at Solenzara take the D268 towards the mountain pass of Bavella. After 17 kilometers of curves, cross the Larone saddle, descend in a series of hairpin bends, cross the Purcaraccia and about 1000 meters further on you will find a large rock surrounded by the trunk of a tree. Here you can park the car.		
Approach: (machine translated) About 100 m further on the road we reach the bridge over the Polischellu.		
Tour: (machine translated) Up to 2 hrs up, about 1.5 hrs back to the bridge, 30 min down to the Vacca. Climb up the streambed until you reach an 18m cascade. Here you turn back if you are without rappel equipment; otherwise you bypass the 18 m drop as well as the following 22 m cascade to rappel both again afterwards.		
Return: (machine translated) Since you walk up and down the Polischellu in the canyon, you also come out again at the bridge. You can also follow the stream down to the Vacca and then continue this or climb back up to the car on the orographic. left bank.

New large collective parking lot €5,- (incl. ID check), is very heavily used commercially (very early or late start) otherwise plan waiting times, can be combined well with the Vacca, otherwise everything is top (machine translated)

Automatisch importiert von Descente-Canyon.com für Canyon Polischellu Jamais vu autant de monde de ma vie. Préférez un départ à 8h dans le canyon ou après 17h pour n'avoir personne. On s'est fauilé entre les groupes, il ne semble y avoir qu'un seul rappel obligatoire. Mais sinon c'est énorme ! A beautiful canyon that is heavily used. The rigging is, as would be expected of such a well-used canyon, excellent. we left later than intended at around 11, we met other guides, and their respective groups in the canyon, who were very friendly (in spite of our lack of french ability) and even pointed out that the first drop could be slid by downclimbing into a seated position about 2 m below the top. The tour is short and most drops can be either slid or jumped. All access to this canyon as well as Vacca and Purcaraccia is prohibited for anyone that is
