A very short canyon with a beautiful, breathtaking waterfall with a fascinating view. There are two waterfalls in the Agua Alto canyon. The upper waterfall is still cut in, the C90 open with a view of the Atlantic. The second cascade, about 90 meters high, ends right next to the road (VE2, São Vicente - Porto Moniz) and flows into the Atlantic Ocean. The 90-metre waterfall is accessed in several intermediate stages. (machine translated)
