<b>Summary:</b> (machine translated) Relatively open rappel canyon		
<b>Hydrology:</b>		
<b>Access:</b> (machine translated) From Annecy, on the western shore of the lake of the same name, take the D 909 (from the highway, it is better to go around Annecy on the D 16) in the direction of Thônes or La Clusaz. When you have crossed (after about 15 km) the river Fier, you immediately turn left at a sharp angle towards la Balme de Thuy. Passing a saw, you cross the Morette, then immediately turn right uphill and put the car in the large parking lot.		
<b>Approach:</b> (machine translated) From the parking lot initially on a forest road in a roughly northerly direction uphill. Then turn right on a path that leads us up through the rock walls (with beautiful views). At a tree on the right of the path we find a signpost "16 CIRCUIT DES CASCADES". A little later we cross the Morette and descend on clear tracks to the left of the stream to the entry just above the clamping block.		
<b>Tour:</b> (machine translated) Since the Morette is "accessible" via a so-called waterfall course, you can also enter only below the C45. With the high rappel in the rappel, you should turn right (orographic.) after the first 20 m to get out of the rappel as soon as possible. The waterfall visible from the main valley is only a water drainage of the Morette.		
<b>Return:</b> (machine translated) Out by the bridge and then right up the small tarred road to the car.
