<b>Summary:</b> (machine translated) Open forest canyon in attractive scenery; slippery.		
<b>Hydrology:</b>		
<b>Access:</b> (machine translated) From Feverges in the south of Lac d'Annecy on the D 12 in the direction of Thônes (NNO) via Saint-Ferréol to Serraval. About 1.4 after Serraval, we turn left from the D 12 in the hamlet of La Bottière, We cross and then keep going up towards Montaubert. At the somewhat scattered houses we look for a suitable parking space.		
<b>Approach:</b> (machine translated) From Montaubert we follow the track upwards over meadow terrain. Soon after entering the forest and quite at the beginning of a longer straight stretch, a then clear path branches off to the left - hardly recognizable - and leads us to the streambed.		
<b>Tour:</b> (machine translated) Descent in off. Forest canyon with about 12 easy rappel. .		
<b>Return:</b> (machine translated) After the final three-pack rappel still about 5 min. in the streambed. Then on the left there is an overgrown meadow. Here a path once crossed the stream - also marked on maps - but it is completely overgrown and no longer recognizable as such. Through the meadow uphill we come to a meadow path that takes us up to the village and the car.
