<b>Summary:</b> (machine translated) hiking canyon with a few small rappels		
<b>Hydrology:</b>		
<b>Access:</b> (machine translated) As for the Infern: from Lleida via C 13 via Trepmp to Pobla de Segur. From here on the N 260 northeast towards Sort. About 9 km after Pobla de Segur we drive through a tunnel. Immediately before the next tunnel you can park the car relatively burglar-proof.		
<b>Approach:</b> (machine translated) About 50 m back on the N 260 a marked path begins on the righthand side, which we follow first up to a ridge. Beyond, it runs almost horizontally for some time. We pass the snake grotto. Then it makes a turn to the west and goes down to the stream.		
<b>Tour:</b> (machine translated) We hike and climb down the creek in a wide basin. 5 small rappel.		
<b>Return:</b> (machine translated) Before the old road bridge on the left up to the N 260 (fixed ropes and chain). On the old road northward through the Desfiladero de Collegats. In passing we see on the right the inconspicuous mouth of the Infern and the thin steel cable stretched across the river. Later then next to the new N 260 to the car.
