Specialities:		
Gear:		
Summary: (machine translated) The part of the canyon described here is the far more interesting descent. Optionally, you could also get in much higher but then has more or less only a river walk.		
Hydrology:		
Access: (machine translated) Coming from Turin, leave the highway at the Chianocco exit and continue through Bussoleno to Foresto. At the fallen memorial plaque cross the Foresto stream and after 70m it is best to park at the school or at the sports field.		
Approach: (machine translated) On the right bank of the Foresto towards the exit of the gorge. At the last houses a path n.560 moves away to the left (west). Steep up until a path on the right leads down over a tributary into the streambed.		
Tour: (machine translated) Ca.14 rappel in beautiful limestone.		
Return: (machine translated) at the first houses turn right out of the stream

Nice tour with lots of spectators on the via ferrata (machine translated)

A very beautiful canyon. Climbed via the via ferrata in 2015. In 2019, climbed the classic route via the hiking trail at the top. If you have a via ferrata set, I recommend the via ferrata variant - definitely the better choice! Photos & videos & GPS tracks: <https://www.christian-balla.de/Foresto> (machine translated)
