<b>Summary:</b> (machine translated) "feeder" to Mascun superiore brings some variety on a second ascent, nice 30 m - rappel		
<b>Hydrology:</b>		
<b>Access:</b> (machine translated) On the N-240 from Lleida or on the A-138 from France through debn tunnel from Bielsa via Ainsa to Barbastro. On the ring road around the city and continue on the N-240 towards Huesca. About 22 km after Barbastro we turn right on the A-1229. Via Abiego and Bierge (turn left after Abiego) we arrive at Rodellar (about 30 km from the turnoff from the N-240).		
<b>Approach:</b> (machine translated) In Rodellar follow the signs to Barranco Mascun. We come down to the stream, cross it and come to the source on the right (orographic. left). Continuing northward, we pass the Bco Fornocal de Andrebot, where we go up on the left towards Barrasil and Gorgas Negras and then, after a long stretch on the orographic left bank, we come to the place where the path crosses the stream to go up beyond In the direction of Otin - La Costera path. We reach the plateau, may see vultures perched on the rocky ledges above the canyon and look down into the abode of the sorcerers (Moorish Maskhun). If you are lucky, the snow-covered peaks of the main Pyrenean ridge loom on the horizon behind you. The path walks at times between stone walls and we come to 2 large oak trees. The path now descends and crosses a dry gully. At this right down wii would come to the entry of the Bco. Otin.\n\nWe cross the chute, however, and pass the abandoned village of Otin to the east of it. 2 rivulets are crossed then we pass a detached house on the left. We are now on a dirt road, on the right we see a spring catchment. The path rises slightly, we cross a ridge and come to the junction of a path that leads us to the right to the entry to the Raisin (or on the Fajas del Mascun). * <a href="http://www.wikiloc.com/wikiloc/view.do?id=6450013">http://www.wikiloc.com/wikiloc/view.do?id=6450013</a>		
<b>Tour:</b> (machine translated) A total of 6 rappels, mainly inclined rappel on sinter to the mouth of the Mascun Superior.		
<b>Return:</b> (machine translated) As a rule, one continues down the Mascun, cf. there. At the confluence with the Mascun superiore, however, you can also go up it, bypass the next rappel points (Cascadas de Peña Guara) to the right (= orographic. left) and reach the large cauldron below the first rappel (Saltador de las Llanas). From here you can orographic. right via the cornice path of the 'high passages' (Fajas de Mascun) back to the entry of the Raisin.
