A few anchors on trees. Was quite a cold canyon and took a bit of effort with a lot of walking and climbing over trees. But really enjoyed my time! Nice/fun abseils and beautiful scenery!

Automatisch importiert von Descente-Canyon.com für Canyon Sémine (amont) DC+ Canyon très glissant ! Quelques points sont parfois un peu vieillissant mais ça reste correct. Nous avons remis une sangle et un maillon en haut d'un rappel où l'installation d'une main courante est nécessaire et une cordelette sur un arbre à la dernière cascade puisque les plaquettes ont disparues. Beaucoup d'embâcles dans les parties de marche, mais on arrive facilement à se frayer un chemin ou a contourner.
