<b>Summary:</b> (machine translated) Short and entertaining rappel canyon		
<b>Hydrology:</b>		
<b>Access:</b> (machine translated) From Puigcerda through the tunnel of Cadi towards Barcelona. About 10 km after the end of the tunnel we turn onto the road to Saldes. After about 6 km westward uphill we turn left on the road to Vallcebre. We cross the village further uphill. The road makes a bend to the right after the last house (dogs on both sides of the road - 2008), then a bend to the left and then walks straight ahead. On the left some houses. After the last one for the time being (2008) a dirt road comes up from the left below (from the south). Park the lower vehicle at a suitable place. Continue up the tarred road with the second vehicle. At the top the road crosses the rocky ridge (the stream below is not our canyon) and we reach a small plain where we can easily park the upper vehicle on the left (sign).		
<b>Approach:</b> (machine translated) From the parking lot follow the stream - Rio Vallcebre - to the rock bar and the 1st rappel.		
<b>Tour:</b> (machine translated) Usually several abseiling options.		
<b>Return:</b> (machine translated) Before the first bridge over the stairs, exit left and follow the dirt road north up to the tar road and the lower vehicle.
