We leave the A49 coming from Grenoble via exit 8 directly after the "Porte de la Drôme" and the "Royans-Vercors" service area. Then we drive to the parking lot for the exit at the Bouvante power plant. Then we take the second car to the parking lot for the entry, see Google aerial photos.\nIf we only have one car, we park it at the entry.

Continue along the road to the bridge, where we get on.

**Tour:** (machine translated)

See topographic view, photos & videos.

**Return:** (machine translated)

In case of a conversion, turn right at the bridge over the Lyonne and walk down the stream to the car at the E-Werk.\nWithout conversion, we climb out to the left at the remains of a water drainage and take the path that leads us - keeping left at a fork - back to the car at "P1".
