Summary: (machine translated) Forest canyon with possible jumps		
Hydrology:		
Access: (machine translated) In Porto-Vecchio, we turn off the T10 onto the D368 in the direction of L'Ospedale. After 11.7 km, at the exit of a 90° right-hand bend, there are 2 dirt roads. Immediately before this, there is a parking area to the left of the road. The long-distance hiking trail "Mare à Mare Sud" also crosses the road here. If we want to "pre-cross" the upper part of the stream, we drive another 5.1 km in the second car and, after passing through the village of l'Ospedale, park our vehicle where the long-distance hiking trail "Mare à Mare Sud" crosses the road again. Entry here at the bridge (895 alt.)		
Approach: (machine translated) From the parking lot at the bend in the road, follow the slope that branches off to the right. We follow it to the bridge (entry)		
Tour: (machine translated) See video and photos.		
Return: (machine translated) Take the path to the left, at a fork on the left we come to the long-distance hiking trail "Mare à Mare Sud" and walk up this to the left to the road and the car.

Automatisch importiert von Descente-Canyon.com für Canyon Artoli (aval) Il semble que j'ai été le premier cette année. Le ruisseau était envahi par la végétation par endroits. Un couteau de brousse ou une scie à main aurait été pratique. Tous les points de rappel n'étaient équipés que d'un seul crochet. Difficile à trouver par endroits car les rochers étaient envahis par la mousse. Je recommande une corde d'une longueur d'au moins 50 m, car au point de rappel en surplomb, la corde peut se coincer dans une crevasse si vous ne la retirez pas avec un angle faible. Mais le canyon était très solitaire! (Quelle: <https://www.descente-canyon.com/canyoning/canyon-debit/23864/observations.html>)
