Automatisch importiert von Descente-Canyon.com für Canyon Gria Vathra All Installations ok. (Quelle: <https://www.descente-canyon.com/canyoning/canyon-debit/21593/observations.html>)

2024-07-30 | Rok |★★★★☆👉|📖|📌★★★★|🌊 Low |👍 Completed

Everything tip top. An incredible and great fun gorge (slides and jumps, partly repeatable) at the beginning, then a bit more technical and only rappel at the exit. Please study Bina's ascent on 25.5.2024 and do it exactly the same way (thanks Bina). The highlight for me. There were 12 of us (including 2 children) and in about 9 hours by car (with many repetitions of some places and extensive breaks). (machine translated)

Automatisch importiert von Descente-Canyon.com für Canyon Gria Vathra Parking monastère Saint Christ , on poursuit à pied la piste puis ça se transforme en chemin très bien balisé ?????Partie haute superbe digne de la purcarracia . La suite c'est beau mais plus classique. La fin est envahi de nudistes. Fait en 6h pause comprises a 8 dont 4 enfants entre 11 et 14 ans . (Quelle: <https://www.descente-canyon.com/canyoning/canyon-debit/21593/observations.html>)

Automatisch importiert von Descente-Canyon.com für Canyon Gria Vathra Accès : Après s'être garer au monastère du Christ , continuer de monter la piste à pied jusqu'au bout . Là , on trouve un sentier marquer d'abord en bleu , puis plus tard en rouge . On laisse un sentier qui descend à droite pour les touristes . on continue sur le sentier cairné . Il faut monter jusqu'en haut à la confluence de 2 ruisseau pour profiter pleinement des beaux toboggans !!!!Retour : au niveau du petit barrage d'irrigation , monter à droite et retrouver la piste qui retourne au monastère . (Quelle: <https://www.descente-canyon.com/canyoning/canyon-debit/21593/observations.html>)

Automatisch importiert von Descente-Canyon.com für Canyon Gria Vathra Since the hippies apparently have something against canyonists (car tires are slashed), a new parking lot with a new approach is recommended.Parking is at the Holy Monastery of Christ. From there you first follow blue markings further up the slope, which turns into a path in the ferns. The markings also change to red. Keep following the red markings to the right until you reach a little over 600 meters above sea level. You get to the canyon and can admire large rock slabs. Here you climb/run along the nose, first to the right, then to the left, until you reach a little over 700 meters above sea level. the tour starts with a great slide 1h30.At the end walk down until the build pool, go right uo to your car (0h10) (Quelle: <https://www.descente-canyon.com/canyoning/canyon-debit/21593/observations.html>)
