Summary: (machine translated) Friendly rappel canyon with interesting rock formations and quite long but nice access. Not always water bearing.		
Hydrology:		
Access: (machine translated) From the MA11 turn off to Soller, then follow the signs to Biniaraix. Just above the church begins the trail through the 'Barranc de Biniaraix' near an old washhouse. Modest parking for max. 3 cars.		
Approach: (machine translated) Ascend via the one old, but perfectly restored pilgrimage path through the gorge-like valley. After a small estate, the path approaches the gorge exit - here you can check the (hopefully existing) water level. Continue along the marked trail, which climbs in hairpin bends up the northern slope of the canyon. Where the path meets the stream again is the entry.		
Tour: (machine translated) See photos and videos Be careful at rappel points R7 & R8 - At the tuff cone it is better to rappel orographic right.		
Return: (machine translated) From the last basin cross back to the ascent path and via this back to the parking lot.
