Matériel: Cordes: 2x 30m		
Résumé: (traduction alternative) Very nice sunny canyon with clean water; many jumps; rappel, slides; some sharp edges; call power plant operators (before and after the tour); many entry and exit points.... Often used commercially.		
Hydrologie:		
Accès: (traduction alternative) From Lucarno --> go towards Biasca --> at the village of Osogna-Cresciano go to the train station --> from the train station go towards Biasca and take the first railroad underpass to the right (2.80m) --> here go right again and go to the end of the gravel road --> now you are directly at the exit (270Hm).		
Approche: (traduction alternative) About 100m to the left before the creek there is a hiking trail up --> with a steep climb you quickly gain altitude --> after a good 15min. you cross the creek for the first time (warning sign) --> but to go to the lower part of the canyon you still have to go up the hiking trail for about 480Hm --> then enter the creek to the left.		
Tour: (traduction alternative) The tour is one of the most beautiful and best known canyons in the area and is therefore also very popular --> but if you make a canyoning vacation in Switzerland, this scenic breathtaking canyon should not be missed --> to put it in a nutshell, the canyon offers everything a casual canyoning tour should have --> there are many jumps, slides and rappel in every shape and height --> you should be careful only at the sharp edges --> even with a lot of water is caution --> to avoid long waiting times, it is recommended to leave early.		
Retour: (traduction alternative) Via the gravel road back to the car.

Super amazing section of rock and water. Slides and jumps everywhere. Also people everywhere. It's probably not a great canyon to learn canyoning in as a private group, just because of how busy it could be in there... the water is also quite cold!

Fun trip, lots of options for jumping and sliding, and in the afternoon, the canyon was nicely sunny. There wasn't much water today, but still enough to have a good time.
