Résumé: (traduction alternative) Initially incised but still sunny canyon, then succession of waterfalls in the more open terrain.		
Hydrologie:		
Accès: (traduction alternative) A23 until Pontebba exit. Go down the Canal Valley to Chiusaforte. Before reaching the village, turn left into the Raccolana Valley. Follow the road through a tunnel and continue until you see a transformer station on the left. Then cross the bridge and about 50m after that you will find a small parking area on the Rio Ravis (next to it there is a small concrete building of unknown purpose). If you cross the Raccolana a second time you have gone too far.		
Approche: (traduction alternative) At the parking lot there is a thin but clear climb that leads steeply uphill between Rio Ravis and Rio Costa Stretta. Just before the entry into the Rio Ravis cross right towards Costastretta. Just before reaching the streambed, turn left uphill and cross under the walls until you can descend into the streambed. Alternatively, you can briefly follow a serpentine trail downhill and reach the canyon under a waterfall of about 30m over a grassy band.		
Tour: (traduction alternative) First in narrow but sunny gorge over several rappel down to 27m. Fuses were already in need of renovation in 2018. In the open part afterwards three more rappel before you are back on the road. There are a few mini slides and one low possible jumps. \n		
Retour: (traduction alternative) Shortly up the road to the parking lot
