Résumé: (traduction alternative)

Who loves high rappels, this is the right place. 60m goes here in one piece in the Jungle's End. Otherwise rather short canyon that only makes sense in combination with the Kobelach (KanguruJumpingCanyon).

Hydrologie:

Accès: (traduction alternative)

Freeway exit Dornbirn Süd and then continue in the direction of Gütle. It is best to leave a bike (or second car) at the inn in Gütle and continue by car in the direction of Ebnit. Cross the Rappenlochschlucht gorge over a bridge and after another 650m a road branches off to the left uphill. Follow this road until you reach a saddle where you can park.

Approche: (traduction alternative)

Follow the road for about 80m until a forest road branches off to the left, which you follow for about 2km until you reach a bridge.

Tour: (traduction alternative)

First you descend before the bridge, orographically left, on a small path. Climbing over a few rocks, you reach the entry panel. It immediately goes once into a half cave and then over some smaller rappel to the 60m waterfall. This beautiful, over about 40m free-hanging rappel is conquered in one. You now first follow the stream and, but then you can also use a narrow path on the left in the forest. After about 300m you come to an old bridge pier where you descend again into the stream. After another 50 m, on the right side, there are climbing tracks that lead to a path.

Retour: (traduction alternative)

Follow the path for 250m until you reach a crossroads. If you descend to the left, you will reach the Kobelach (KanguruJumpingCanyon). If you want to finish the tour, follow the other path, which later turns into a road, back to Gütle. The most fit may now cycle up the steepest public road in Vorarlberg and pick up the car from the parking lot. (depending on motivation around 30min)
