<b>Spécialités:</b>		
<b>Matériel:</b> Cordes: 2x20m		
<b>Résumé:</b> (traduction alternative) Hiking and rappel first in mountain stream, then in great canyon.		
<b>Hydrologie:</b>		
<b>Accès:</b> (traduction alternative) Leave the A-11 from Florence to Viareggio - Pisa at the Lucca exit and head north on the SS-12 along the Serchio River. At Chifenti the SS-12 continues on the right towards Passo del Abetone. But we turn left here on the SP-445 in the direction of Castelnuovo di Garfagnana. After about 3 km turn right towards Tereglio - Alpe Tre Potenze. In Tereglio continue in the direction of Passo del Giovo. After about 6 - 7 km turn right in the direction of Orrido di Botri to the large tourist parking lot at the exit of the canyon at 640 m above sea level in Ponte a Gaio. Park a car here - "P1". (See photo gallery - "Approach")\n\nWith a second car continue for about 9.4 km on the road to Passo del Giovo. Passing the Rifugio Casentino at 1250 m above sea level, park the car on the right in a square where a clearly recognizable path begins to descend slightly - "P2".		
<b>Approche:</b> (traduction alternative) At the parking lot "P2" begins the path "Gea 14" (Grande Escursione Appenninica). Follow this path in the direction of Fontana Troghi-Monte Mosca. This takes you to Rio Mariana (entry "4"). \Since the upper part of the Mariana has nothing to offer, it is advisable to make an entry lower down, starting from Ref. Casentini and going down in the direction of SSO. You come to a crossroads and take the path that descends to the left at a sharp angle to the stream (entry "3").		
<b>Tour:</b> (traduction alternative) 13 rappel, first in the waterless Rio Mariana, then long hike - with steps to downclimb - in the great canyon Orrido di Botri.\nPossibly many tourists coming upstream from the exit of the canyon.		
<b>Retour:</b> (traduction alternative) At a bridge over the stream in a few meters to the car (exit "A").
