<b>Résumé:</b> (traduction alternative) Actually quite attractive rappel canyon.		
<b>Hydrologie:</b>		
<b>Accès:</b> (traduction alternative) Either from Brig via Visp down the Rhône or from Martigny via Sion/Sitten up the Rhône on the "9" to Susten/Turtmann, then change to the orographic. right bank of the Rhône and park the car for the exit in the leisure area at the canyon exit. Here you can also check the water flow and spend the night (also with the camper) (for the approach see also the Google aerial photos in the photo gallery).\n\nWith a second car we then drive Rhône downhill via Susten to Leuk on the orographic. right bank of the Rhône and further uphill in eastern direction (Bratsch, Erschmatt). At the bridge over the Feschelbach we park the second car (see conversion on Google aerial photo in the photo gallery).		
<b>Approche:</b> (traduction alternative) From the bridge we climb (2-3 smaller rappel) on clear tracks down to the streambed.\n\nShould we have only 1 car, we can ascend to the bridge on the orographic right side of the stream (50 min).		
<b>Tour:</b> (traduction alternative) Many smaller rappels, see topographic views		
<b>Retour:</b> (traduction alternative) Out of the canyon directly to the car.
