Anchorages all good. The canyon is heavily gravelled and there is still a lot of rock transport in the water. Beware of falling rocks in the waterfalls (traduction alternative)

Bit higher water level then normal but very doable. Took exit after r65 after unexpected weather. It was good signaled and doable to exit

Automatisch importiert von Descente-Canyon.com für Canyon Rosengartenschlucht (obere) Nice, challenging canyon. Flow a little high, but not too much. Equipment in decent state, except for 1 of 2 bolts in the last anchor. The nut is loose and the bolt is partly uncovered. Can be avoided by doing the last two rappels combined. All three escapes in very good condition. (Quelle: <https://www.descente-canyon.com/canyoning/canyon-debit/22375/observations.html>)
