<b>Résumé:</b> (traduction alternative) Forest canyon with narrows and interesting geology.		
<b>Hydrologie:</b>		
<b>Accès:</b> (traduction alternative) From Lucca, via Castelnuovo di Garfagnana, head north on the SR445 to Piazza al Serchio (or from Aulla on the same road heading south). Continue north and just past Piazza al Serchio turn left onto the SP51 towards Gramolazzo. Cross the Fiume Serchio and continue until Gramolazzo. In Gramolazzo go straight on through the town towards Minucciano. The road now climbs and after about 3-4 km before a tunnel turn left towards Refugio Donegani. At the next junction we see a kind of walled bus shelter, a so-called rifuigiola. Here we also find a signpost that indicates the "GT 189" mach southeast downhill. From there we come up on the way back. We park the lower car here and continue straight on with the second one. On this road further up. Going down to the left, we have a beautiful view of the S. di Gramolazzo forest gorge deep below. Pass a picnic area on the left below the road. After 4.6 km from the turnoff before the tunnel, park the car on the side of the road. West above on the mountainside the Rifugio Donegani, about 200m further on the road we would come to the Rifugio Val Serenaia (1100 alt.).		
<b>Approche:</b> (traduction alternative) From the car directly into the creek, if necessary walk a few meters downhill on the left side of the creek before access.		
<b>Tour:</b> (traduction alternative) At the beginning rappeling in a narrow, not very deep rocky gully - 1 rappel. Then the stream flows openly downhill in the forest, interrupted by interesting narrow passages. We pass a diversion structure on the left. In parts you can also go down in the forest at the edge of the stream. Then you climb and rappel again in rock gullies.		
<b>Retour:</b> (traduction alternative) When the streambed flattens and the gorge is over, a few more minutes in the gorge, then out to the left - about. UU you pass a barn in the light coppice, then you come to a large open space. We meet an old path that leads us NNO to the hiking trail "GT 189" (red marking). We follow it to the left up to the road and to the shelter on the road.
