| Résumé: (traduction alternative) Rappel canyon with cave-like passage | | |
| Hydrologie: | | |
| Accès: (traduction alternative) From Ioannina, take the A2 highway in the direction of Thessaloniki and take exit 6a (M. Peristeri/ Votonosi/ Chrysovitsa). Then follow the road to Paliochori on the right. | | |
| Approche: (traduction alternative) From the asphalt road, turn right onto the slope and follow it to the second hairpin (right). An indistinct path descends to the stream. | | |
| Tour: (traduction alternative) The tour begins with short rappels, which can be done dry or in water. A headlamp is an advantage in the dark part. There are no jumps or slides, the tour itself is very slippery. The cave part is beautiful. 2 rappels in the dark part. | | |
| Retour: (traduction alternative) When the canyon opens up, you come to a concrete wall, after which a dirt road begins about 25 m to the right, which you follow. At the first junction turn right up to the road in about 30 - 40 minutes. | | |

| 2024-06-04 Bina ★★☆☆ 📖★★ 🗝️★★ 🌊 Normale 🍷 Terminé On the 1st higher rappel, the amount of water tripled. No idea why. The amount of water was not a problem, but a bit scary.... (traduction alternative) | | |
