<b>Specialità:</b>		
<b>Attrezzatura:</b> Corde: 2x 30m		
<b>Sintesi:</b> (traduzione alternativa) Alpine rappel canyon		
<b>Idrologia:</b>		
<b>Accesso:</b> (traduzione alternativa) From Nice through the Var valley to the north, then west and finally north again to the Gorge de Daluis (via the D 2202 towards Guillaumes). After the village of Daluis, the road rises sharply to cross the canyon Gorge de Daluis at 100 to 200 m above the Var wild and romantic. About 22 km after the upper canyon exit (we have passed through Guillaume u. St. Martin d'Entraunes) we come to Entraunes. Before the road bridge over the Var we turn left to a parking lot where we leave the car.		
<b>Avvicinamento:</b> (traduzione alternativa) We go south again on the road and after about 200 m we turn right on a little road (marker 256 - 1260 m a.s.l.). At marker 258 (past 257) we take the signposted path ("Clue du Chaudan, Col de Champs, Colmars" - GR 52a), cross a canal (our way back) and reach a viewpoint where (a little below) we can also have a look into the canyon. Continue until we reach the entry at the bridge over the stream (1470 m a.s.l.).		
<b>Giro:</b> (traduzione alternativa) 9 rappel, the last in a chute through a rock face. The water is clean, but with the own step suspended matter is stirred up, which then clouds it. Therefore, before slides and jumps, check the depth of the water.		
<b>Ritorno:</b> (traduzione alternativa) At the exit of the canyon (after rappelling in the chute through the rock wall) exit to the left and descend on clear tracks to the open channel, which we follow until we meet the access path. Descend on this and back to the car.

Automatisch importiert von Descente-Canyon.com für Canyon Chaudan Alors ... bon niveau équipement tout est ok . Après pour le reste c'est très mignon mais malheureusement beaucoup trop court et l'eau est boueuse ce qui est vraiment dommage . Et enfin nous somme aller jusqu'au pont en bois d'où commence le canyon est franchement il n'y a aucun intérêt à commencer le canyon de ce point sauf si vous avez des enfants pour faire mumuse :D (Quelle: <https://www.descente-canyon.com/canyoning/canyon-debit/2152/observations.html>)

2024-07-16 | System User | |📖|📌|🌊 Normale | 🍏 Completato

Automatisch importiert von Descente-Canyon.com für Canyon Chaudan Canyon super sympa. Difficile de garder une eau claire au vu de la quantité de limon, mais la plupart des vasques ont du fond. Equipement béton. (Quelle: <https://www.descente-canyon.com/canyoning/canyon-debit/2152/observations.html>)

2024-05-29 | System User | |📖|📌|🌊 Folle | 🍏 Completato

Automatisch importiert von Descente-Canyon.com für Canyon Chaudan Canyon difficilement praticable dans ces conditions. Il existe une réchappe avant les derniers gros rappel sur la droite par un pierrier qui remonte au belvédère. (Rappel sur anneau de corde et maillon rapide sur un cade pour accéder au pierrier). À refaire avec moins d'eau (Quelle: <https://www.descente-canyon.com/canyoning/canyon-debit/2152/observations.html>)

2023-08-20 | Wolfgang Streicher | ★★☆☆ |📖|★★★|📌|★★★| | 🍏 Completato

Only 1 group after us. Walkers at the end of the canyon. No jumping possibilities. Parking before the bridge on the left with WC within reach. (traduzione alternativa)
