<b>Sintesi:</b> (traduzione alternativa) Varied rappel canyon in the Roudoule		
<b>Idrologia:</b>		
<b>Accesso:</b> (traduzione alternativa) As for the Roudoule aval: From Nice up along the Var. In Puget-Theniers, turn right and head north on the D 16 towards Le Croix sur Roudoule. Leave the junction to Puget-Rostang on the right and continue uphill until the road rises well above the level of the stream and an old stone bridge appears next to/under a new suspension bridge. Park here in the marked parking area in the middle of the road.\nIt is not advisable to move because of a disgruntled resident in the entrance area.		
<b>Avvicinamento:</b> (traduzione alternativa) From the parking lot, we continue along the D16 above the Roudoule canyon. After 450m, the road crosses "our" stream and we can take a look into the canyon. After another 300m, we turn off the D16 at an acute angle to the right onto the D416, which leads up to Croix-sur-Roudoule. After another 450m, we reach the bridge over the Ravin du Croc (entry).		
<b>Giro:</b> (traduzione alternativa) First a river walk, then a gorge with a varied and attractive descent. 2 rappels until we are under the road bridge, 3 more rappels until we reach the Roudoule. Before the last rappel into the Roudoule, there is an exit option to the left up to the road. The descent then continues in the Roudoule.		
<b>Ritorno:</b> (traduzione alternativa) At the exit of the descent in the Roudoule, immediately after the stone arch bridge, take the steps on the left and continue to the parking lot

About the same water flow as in the Roudoule headwaters. Mostly no slide problem. Stands expanded compared to last time. (traduzione alternativa)
