We then head towards the Bielsa tunnel. 1.3 km after the hamlet of Aragnouet and immediately after the houses of Chaubère (on the right of the road), we come to the bridge over the Neste de Saux. After the bridge, we can park our car on the left of the road for the exit. We then continue in the second car and see the Chapelle des Templiers on the meadows below on the right. The road then climbs in serpentines. 2.6 km after the bridge over the Neste de Saux, we turn left and park our car for access at the little house. A little above, we can see the old border station on the French side to the right of the road.\n

Automatisch importiert von Descente-Canyon.com für Canyon Neste de Saux Canyon esthétique ! Les amarrages sont en bon état mais il faudrait doubler les monopoints. On a changé la corde d'une main-courante. Il faudrait changer la corde de la main-courante de sortie et la doubler.TPS à 6 pers. : 5 mins d'approche + 2h15 de parcours + 5 mins de retour (Quelle: <https://www.descente-canyon.com/canyoning/canyon-debit/21066/observations.html>)

Very low water level for this canyon. At higher flow there are many hooks that allow rappelling outside the water. (traduzione alternativa)
