<b>Valutazione:</b> ★ 3.6 (2)	<b>Info:</b> ★ 3 (1)	<b>Belay:</b> ★ 2 (1)
<b>Specialità:</b>		
<b>Attrezzatura:</b>		
<b>Sintesi:</b> (traduzione alternativa) Short but beautifully washed out and varied gorge with many slides. Commercially often visited.		
<b>Idrologia:</b>		
<b>Accesso:</b> (traduzione alternativa) At the traffic circle between Imer and Mezzano, leave the SS50 in the direction of Val Noana and follow the narrow road to Rifugio Fonteghi. Large parking lot.		
<b>Avvicinamento:</b> (traduzione alternativa) The gorge begins right at the Rifugio.		
<b>Giro:</b> (traduzione alternativa) Downclimb the first 2m step, then 6m slide or jump 4m from the right. The next 4m step is slidable after control (hooks left and right). After a short swimming passage follows a steep 5m step which is slidable (small but deep pool). The next step is bypassed on the left with a fixed rope. From here the previous colorful layered limestone is replaced by massive, bright limestone - beautiful washouts with many pools and small slides. The gorge ends with a 10m rappel from chain left of a 6m jump into a large pool above a rock bridge. The stream falls here into a final gorge and then over a >30m step into Lago de Val Noana, a reservoir. You can exit the gorge on the left via a fixed rope or rappel 10m from one of the fixed ropes and then rappel another 18m into a deep pool. From the edge of the last waterfall, a mini via ferrata with wire rope and iron clamps leads up the partially overhanging wall.		
<b>Ritorno:</b> (traduzione alternativa) Follow the clear climbing tracks on the left bank back to the parking lot.

Automatisch importiert von Descente-Canyon.com für Canyon Neva Que c'est beau! Caillou d'un blanc étincillant, non glissant. Les crues ont maché les équipements et engravé les vasques du début. La dernière cascade qui se jette dans le lac semble être 1 tob eject digne du nuria! Retour évident par la via ferrata et le chemin touristique. Dénivelé de la fiche faux, c'est 60m! (Quelle: <https://www.descente-canyon.com/canyoning/canyon-debit/23730/observations.html>)
