Attrezzatura: Corde: 1x30m		
Sintesi: (traduzione alternativa) Varied canyon with only 2 rappels, but impressive ambience.		
Idrologia: Wasserstand: http://www.saihebro.com/saihebro/index.php?url=/datos/ficha/estacion:A051		
Accesso: (traduzione alternativa) We drive north on the A-138 from Ainsa in the direction of Bielsa. After 10 km (from the center of Ainsa) we cross the Rio Bellós and then pass through the village of Escalona. 350m after the bridge we turn northwest at the traffic circle ("Fanlo" - "Anisclocanyon") onto HU-631. We first drive along the river (Rio Bellós), then 1.9 km after the mentioned traffic circle in the north of Escalona we turn left onto the road to Buerba and Vio. We first pass the campsite and then go up to Buerba for 12 km. We turn left into the village and park our car in the large square.		
Avvicinamento: (traduzione alternativa) We walk along the road through the village in a southerly direction. After the last houses, on the righthand side, there are some barns - now also converted to residential use - with mostly circular threshing floors in front of them. There you turn left if you want to "include" the Manatuero in the access. Otherwise, continue straight downhill and reach the valley of the Rio Yesa. Where the path branches, we go right. The path leads through bushes high above the Rio Yesa. It gives us our first glimpses of the descent. Eventually we come to a fork where there is a somewhat uncomfortable access down to the streambed on the left. It is also possible to continue until the bridge that leads to the houses of Yeba.		
Giro: (traduzione alternativa) After a short approach in the off. Streambed we come to the with 12 m "highest" rappel. Then we stand at the bottom of the gorge, In the further varied course is particularly impressive a passage where the streambed between parallel walls is so sintered that it looks like a road. After the canyon opens, continue a few hundred meters to the place where the waters of the Manatuero flow in from the left.		
Ritorno: (traduzione alternativa) Here out on our approach path and back up to Buerba.
