<b>Valutazione:</b> ★ 4 (1)	<b>Info:</b> ★ 2 (1)	<b>Belay:</b> ★ 2 (1)
<b>Specialità:</b>		
<b>Attrezzatura:</b> Corde: 2x30		
<b>Sintesi:</b> (traduzione alternativa) Lower part of the Gänsbach.  Allegedly established a long time ago. No confidential information! To be regarded as a tour not yet taken!		
<b>Idrologia:</b> In der Regel eine Tour mit geringen Wasserdurchsatz. Bei mehr Regen kann der Pegel aber stark ansteigen und einiges an Geschiebe mit sich führen.		
<b>Accesso:</b> Wir fahren von Kössen aus in Richtung Erpfendorf. Wenn wir in Erpfendorf angelangt sind, biegen wir nach der Brücke über die Großache in die zweite Straße auf der linken Seite ab (Hausstattweg). Auf dieser Straße fahren wir so weit, bis wir an einem Salz-Silo vorbei kommen. Kurz darauf folgt ein Parkplatz am Grießbach (linker Fahrbahnrand).  Es wurde mit den Anwohnern abgeklärt, dass man hier parken kann, da es im hinteren Bereich (nahe der Schlucht) sehr wahrscheinlich zu Streitigkeiten kommen kann, wenn dort bei den Häusern geparkt würde.		
<b>Avvicinamento:</b> (traduzione alternativa) We follow the forest road down the stream to the Hausstattweg. From here we walk in an easterly direction until we reach house no. 20. Shortly before the house, a path leads past the property to the left and up the mountain. After about half of the way, we follow the path branching off to the left in a north-westerly direction until we cross our river at the entry point of the lower section and exit point of the upper section		
<b>Giro:</b> (traduzione alternativa) According to hearsay, it was set up a very long time ago. However, the information is not certain and the tour should be regarded as not yet completed!  There have also been problems at the exit with local residents who are/were not happy with canyoning here.  Any information about ascents can be entered under ascents.		
<b>Ritorno:</b> (traduzione alternativa) We exit on the orographic right side towards the forest road and follow it until we reach the parking lot.

Lower part walked on. Expansion pitons sporadically present and in good condition. We also placed a few anchors in between. Beautiful rappel canyon with super views and a small but deep pool for ass bombs. (traduzione alternativa)
