Automatisch importiert von Descente-Canyon.com für Canyon Biniaraix On the way up there was no water, everything dries up right after the end of the canyon. But in the canyon there was a good amount of flowing, cold water, all the pools are full. On the way down we saw that the lower waterfalls next to the trail are bolted as well. On access, the stream was completely dry and the water seeped away just after the end of the gorge. There was a good jet of water in the gorge and all the pools were full of very cold water. At times there was also a decent wind whistling through the canyon, today it was a cold trip. Otherwise it was a beautiful, rewarding abseil gorge with great rock formations. The lower drop off next to the hiking trail also seems to have been drilled. An option to make the long way back nicer. (traduzione alternativa)

Automatisch importiert von Descente-Canyon.com für Canyon Biniaraix Une course de trail de jour, on nous a fait monter par le chemin de cami vell en rive gauche qui rejoint la fin du canyon. Ça ne rallonge que de peu l'approche et c'est tout aussi classe.Toujours la galère pour se garer dans le village! Automatisch importiert von Descente-Canyon.com für Canyon Biniaraix Pas de possibilité de se garer à proximité. Marche d'approche toujours aussi raide mais belle. Débit très faible mais les vasques sont propres. (Quelle: <https://www.descente-canyon.com/canyoning/canyon-debit/2849/observations.html>)

Superiore tour with beautiful rappels in a great setting. A bit more water after the rain of the night. But unfortunately it was very windy, so quite cold! Stands all top! (traduzione alternativa)

Automatisch importiert von Descente-Canyon.com für Canyon Biniaraix Travaux à Biniaraix on peut pas y accéder en voiture. On a pas vu la date de fin de chantier. On a pu se garer 1km avant en venant du Soller. Canyon RAS, très jolie petite course (Quelle: <https://www.descente-canyon.com/canyoning/canyon-debit/2849/observations.html>)
